Welcome from the President

We welcome you to All Nations Baptist Seminary (ANBS). The seminary is a significant part of the multi-ministry makeup of Christ Centered Homes, Inc (CCH). Our other ministries include: Christ Centered Missions, Christ Centered Champions™ and Champions Christian Academy. Globally, CCH has been serving the Lord and touching lives since 1993. Over the last two decades, God has used our varied ministry activities to gloriously change thousands for His glory and honor. To date, we have supported hundreds of full time missionaries who have been key to church planting, discipleship, meeting humanitarian needs, etc.

God has assigned the seminary to be our latest ministry tool. Our assignment is to provide Scriptural instruction that is practical for equipping the called to fulfill their God-given assignment. We agree with the statement "knowledge is information, but wisdom is what you do with that information". This means that our goal is to impart practical information to our students while teaching them to be God-seekers so that He may impart His revelation and wisdom into their lives.

Additionally, our assignment is to fill the unmet need of providing a seminary education to those who have no resources to contribute. There are plenty of other successful Christ-Centered seminaries and we support and applaud them. But, our assignment was to create a local and distance learning seminary available to those who have no ability to contribute financially. Through obedience and love for our Lord, and with a cheerful heart, we offer this seminary so you can become better prepared to fulfill the calling in your life and reach the world for Him.

ABOUT THE SEMINARY

Vision Statement: All Nations Baptist Seminary exists to provide Scriptural instruction that is practical for equipping the called to fulfill their God-given assignment.

ANBS is a coeducational undergraduate and graduate level seminary. Since we are a religious institution, we have not sought to be accredited by any secular accrediting agencies.

ANBS utilizes volunteer professors who have exhibited high standards of educational excellence. Each were chosen as specialists in their own fields. Most have developed courses through their own personalized study. In addition, courses were chosen from outside the seminary's volunteers that were found to be reputable amongst Baptist constituents. All courses are categorized according to its subject material and assigned the appropriate seminary level of learning.

We strive to improve the quality of education for all our students. Staff, students, professors, and other interested parties are invited to make suggestions for such improvement. In addition, ANBS periodically requests that an independent review committee comprised of ministers and other educators provide feedback aimed toward improving the seminary.

The ANBS headquarters is located in Atlanta Texas near the Texas, Arkansas, and Louisiana borders. The seminary opened Thanksgiving Day 2011 and is for students from all nations.

STATEMENT OF FAITH

- † The Holy Bible is the infallible Word of God, that it is His holy and inspired Word, and that it is of supreme and final authority;
- † In one God, eternally existing in three persons – Father, Son, and Holy Spirit;
- † That Jesus Christ was conceived by the Holy Spirit, born of the Virgin Mary, He led a sinless life, took on Himself all our sins, died and rose again, and is seated at the right hand of the Father as our mediator and advocate;
- † The depravity of man as brought about in the fall of Adam;
- † The reality of Heaven and Hell as set forth in the Bible;
- † That all men everywhere are lost and face the judgement of God, and need to come to a saving knowledge of Jesus Christ through His shed blood on the cross;
- † Salvation by grace without any mixture of works;
- † The bodily resurrection, ascension, and return of Jesus Christ;
- † The requirement of implicit obedience and faith to the commands of Christ;
- † In holy Christian living, and that we must have concern for the hurts and social needs of our fellowman; and
- † We must dedicate ourselves anew to the service of our Lord and to His authority over our lives.

ADMISSION POLICIES

Application Process:

1. Visit our website and download the ANBS Application for Admission from www.anbseminary.org or call 903-796-5378 and request the application.
2. For identification purposes, staple a recent photo of yourself to the ANBS Application for Admission.
3. If you are the Pastor then provide a second Leader reference from within your church or a sister ministry.
4. If you want the seminary to consider your request for transferring of credits from other institutions of higher education, then request an official transcript from each institution and have them send it directly to us at the address below.
5. If you are requesting admittance to attend at no cost then download the ANBS Financial Waiver Application and submit it with your packet.
6. Send all information to:
All Nations Baptist Seminary
Att: Admissions
P.O. Box 777
Atlanta, TX 75551
7. Upon receipt of the application and its accompanying informational forms, the Admissions Office will review the paperwork and make the determination if you qualify for admission.
8. If approved for admission, a faculty advisor will be assigned to you and will send an official welcome letter.

Admissions Statement:

The institution admits students regardless of race, color, and national or ethnic origin, and grants all rights, privileges, programs and activities generally accorded or made available to all other students at ANBS. Further, ANBS does not discriminate based on race, color, gender and national or ethnic origin, nor handicap in the administration of its educational and other policies, admissions, disciplinary actions, and any other school-administered programs.

ANBS was developed for any individual who desires further Scriptural instruction. The following statements characterize the students we receive:

1. Our students are primarily from bi-vocational church positions that desire more education in order to best serve the Lord in the area of their calling.
2. Our students tend to be more mature, self-motivated, and self-disciplined to succeed in an individualized study program.
3. Our students are from varied races and countries that by majority do not have access to a seminary education because of distance and/or resource issues.
4. Our students are not concerned about college accreditation issues that some denominations place emphasis upon or require.
5. Our students understand that earning a diploma or degree from this seminary will require time and work that equates to what other accredited institutions may require.

Conduct:

ANBS enrolls students expecting a high adherence to being a Christian as the Holy Bible instructs. The student will be subject to disciplinary actions, suspension until the problem is resolved, or dismissal from the seminary. A student who has been suspended or dismissed may reapply to the seminary, and his/her case will be reviewed by administration and faculty for approval or denial of the application.

Transfer of Credits:

The acceptance of course credit from another institution of higher education to ANBS involves consideration of accreditation, acceptability of course content, and the applicability of that course work to an ANBS degree program. Transcripts are evaluated by faculty to determine if they can be transferred. The total amount of acceptable transfer credit cannot be more than two-thirds of the degree program's requirement. The official transcript must show a grade of "C" or above for each course that is transferred. Credits earned

from courses where a letter grade of "D" is received may not be transferred. The following types of transferred credits are considered:

1. **Regional and National Accreditation:**
ANBS transfers credit for appropriate courses completed at institutions that have been granted accreditation by regional or national accrediting bodies recognized by the United States Department of Education. ANBS considers all transfer credit on an individual basis.
2. **Lack of Regional or National Accreditation:**
ANBS considers for transfer credit, appropriate courses at institutions which have not sought or achieved accreditation by an accrediting body recognized by the U.S. Department of Education, including Bible Colleges, Bible Institutes, foreign institutions, and others, on an individual basis. The student is accepted on probation for the first 15 credit hours. If the student demonstrates adequately that they can maintain the level of studies required by ANBS then they will be taken off of probation.
3. **Nontraditional Credits:**
There are three types of nontraditional credit for which a student may apply.
 - a. **Experiential Learning Credits**
ANBS will allow credit for relevant knowledge or skill that you have acquired through professional and life experiences. Experiential learning credits may have been earned in the ministry and other professions or other non-classroom settings. Appropriate seminars, workshops, and voluntary service are eligible for credit. Students who feel that they qualify for experiential learning credits may do so through course petitions and appropriate documentation. Generally, one course credit equates to about 30 hours of in or out of classroom study.
 - b. **Military Credits**
ANBS allows credit for experience obtained while serving in the armed forces. To earn such credit, you must submit required documentation explicitly

supporting appropriate learning experiences while in any military service for any nation which is a member of the United Nations.

c. Credit By Examination

You may receive credits in subjects which you have adequate knowledge by taking examinations. If you are interested in pursuing these credits you may discuss this with your faculty advisor to arrange testing.

On-Line Library:

Enrolled students have access to our on-line library to assist with research for course assignments.

Academic Requirements:

1. All students must demonstrate proficiency in writing and research. Prior academic work, entrance testing and/or previous research papers will be used in evaluating a student's ability.
2. All students must demonstrate a basic proficiency in the use of computers. The student's proficiency is evaluated by an interview with their faculty advisor.
3. Normal full time academic course load is twelve to fifteen semester hours depending upon the program in which the student is enrolled. The maximum load is twenty-one semester hours.
4. Requirements for graduation are individually approved by your faculty advisor within the general guidelines for course requirements for degree programs at ANBS.
5. All degree programs must be completed within a maximum of 10 years unless otherwise approved by your faculty advisor.

International Students:

The U.S. Dept. of Homeland Security, and the U.S. Dept. of Labor do not require certification to enroll international students as long as they will be doing their studies in their home country. ANBS does not accept international students to live on its campus.

Class Auditing:

An applicant, who qualifies for admission and is given approval by a faculty advisor, may audit classes with no plan to achieve a diploma or degree. Auditing classes can help the student to

fulfill requirements for other institutions or just to increase knowledge and wisdom for their own personal growth.

Financial Information:

The primary vision of ANBS is to provide a free seminary education for those that cannot afford to pay, and who cannot leave their global assignments to come to the U.S. and study. Ministries, churches, alumni, and other individuals may give to the seminary as the Lord leads in order to offset its expenses.

Withdrawal:

A student may discontinue any class during the first four weeks of the course. The student may withdraw from the fifth through the 8th week and receive a "WD" (Withdrawal). Withdrawal after this date, without reason of a serious illness or similar emergency, will result in receiving an "F" (Failed). Official withdrawal from the seminary (or any course) requires approval by the student's faculty advisor. The grade of "I" (Incomplete) will be given for failure to complete course requirements only on approval of the professor. It is the student's responsibility to seek this approval prior to the time grades for the semester are officially recorded. All incomplete grades that are not removed by the end of the next semester will automatically become "F." If the student completes the course work after receiving an "I," his/her grade will ordinarily be lowered by one letter. Students who wish to improve their grade point average may retake a particular course with the understanding that all courses taken for credit will appear on their transcript. The hours and grade points from the last time the course is taken will be used for computing the student's overall grade point average, but may not be used to qualify for honors.

Practicum Courses:

The seminary offers practicum courses to our students. Practicum courses combine academics with fieldwork in a related area. Practicum courses give students opportunities to "learn by doing." Students work with their dean to be assigned either to a field placement at a church or organization, or to a project that relates to the student's topic. Students are encouraged to critically reflect on the meaning of their fieldwork experiences and what it means to be practicing in that field. These courses provide students the opportunity to cultivate a

skill set relevant to their interest while they are interacting with peers, church members, and other ministers. These courses also can help students to seek God about their interest in an area that they may be sensing God's call. The amount of practicum credit hours allowed toward a degree is 15.

Graduation Requirements:

Students must satisfactorily complete all of the program requirements and give evidence of Christian character in order to qualify for graduation.

Honors:

In order to qualify for honors, students must have at least a 3.5 grade point average, without a letter grade below "B" on their transcript. All of the credits pertaining to a particular degree program must be considered in determining eligibility for honors. In the event courses have been retaken for the purpose of improving the grade point average, the higher grades will be used in computing the GPA, but may not be used to qualify for honors. Transfer students must complete at least two-thirds of their course work at ANBS to be eligible to graduate with honors.
